UAN USER NOTES

UAN version 2022.3 Release

Hello,

UAN version 2022.3 has completed testing and fulfillment has begun. You should receive your copy by mail by March 31, 2022. Version 2022.3 includes the revised 941 Federal Quarterly for the first quarter of 2022 and other enhancements. All users should install this update.

If you recently selected to download the release, you may receive the release by mail and you will also receive the link to download it.

Exclusion of Federal COVID Money in UAN Fee Calculations

UAN is in the annual process of recalculating the monthly UAN fees based on the end of year data that you have recently submitted. Many entities would have seen an increase to their UAN fee due to receiving federal COVID money, however, the Auditor of State has approved excluding federal COVID money in the fee calculation this year. The next four invoices that you will receive beginning with the April through June invoice will be based on your latest data submitted to UAN without the COVID money included.

Respectfully,

UAN Support
