

February 19, 2020

UAN completed the 2020 US Tax Table update on January 7<sup>th</sup>. An e-mail was sent to all UAN clients at that time. We know that many clients received the e-mail based on the update patch being downloaded hundreds of times. However, we have heard from many clients that they did not receive the January e-mail. We are investigating why many clients did not receive it. Instructions to download the update can be found on the UANlink ( <https://uanlink.ohioauditor.gov/>) and then click the link for the Version 2020.1 Federal Tax Table Patch under Communications.

Regards,  
UAN Support
