

## UAN User Notes October 8, 2015

### Internal Revenue Service (IRS) Forms 1094 and 1095:

The Affordable Care Act (ACA) requires additional filing requirements for employers who the IRS considers as an applicable large employer and/or provides a self-insured healthcare plan. The UAN application will have the ability to input your manual information into the application in order to generate the 1094 and 1095 forms. A portion of the 2015 UAN Year End Update will focus on forms 1094 and 1095. Information about the 2015 UAN Year End Update's dates and registration is forthcoming.

### UANLink Redesign:

The Uniform Accounting Network's website has been redesigned. The next time you visit the UANLink you will notice there is a new look and feel. The new design is more contemporary and streamlined. While everyone is familiarizing themselves with the new design, the Home page will have a 'FAQs - UANLink Redesign' section which contain directions on how to locate popular information.

Reminder: The UANLink website address is: <https://uanlink.ohioauditor.gov/>

### Future Enhancements Survey:

The Uniform Accounting Network is currently planning the enhancements to be added to the application over the next couple of years. We are seeking input through a survey from our clients about which enhancements would benefit their entity the most. We have included four enhancements that we have received a number of requests for in the past. At the end of the survey, you will have the opportunity to suggest an enhancement that we do not currently have listed. When filling out this survey, please include as much detail as possible to assist UAN in deciding on which enhancements to add and how those enhancements should be implemented. To access the survey please click [here](#).
