RE: Version 15.1 Overview

NOTE: Do not install Version 15.1 unless you are currently using Version 15.0.

The Version 15.1 Update contains the following enhancements to the payroll software:

1. The 941 quarterly report has been updated for 2011.
2. The Ohio Department of Job and Family Services (ODJFS) report has been updated to print on new forms. The new forms only hold up to 15 employees. ODJFS requires any additional employees to print on blank pages with a barcode that matches the original ODJFS form. As a result, UAN can only generate the printed report for entities with 15 or fewer employees that are marked for unemployment. Entities with more than 15 employees marked for unemployment need to submit their ODJFS report online at <https://ohiobusinessgateway.ohio.gov> or through magnetic media (see the UAN Payroll Manual, Chapter 8, Page 2 for steps on how to generate the ODJFS file).
3. The ODJFS Magnetic Media filing option has been updated for changes in 2011.
