Therefore the OP&FPF rates in this year-end update (Version 2014.1) ***might*** no longer be accurate for pay periods beginning after July 1, 2014.

The current software (2014.1) will require you to use the OP&FPF rates that were announced in **late 2012** for periods after July 1, 2014. If you have OP&FPF Employees, it is **CRITICAL** that you watch for future UAN communications concerning this and other potential OP&FPF changes. **Note:** The changes require approval by the Ohio State Legislature before they would take effect.
