

OHIO AUDITOR OF STATE  
KEITH FABER

**TO:** Newly Elected Clerks and Fiscal Officers using UAN  
**FROM:** UAN Support  
**DATE:** February 3, 2020  
**SUBJECT:** Uniform Accounting Network Transition

---

The Uniform Accounting Network (UAN) is providing this document as an overview to help you transition to your elected position. This document is a **general** guide and may not contain every situation for your entity. **Some items on this list may not apply and other less common items may not have been included here.**

Review the following sections: Important Information and Internet Security. If the current fiscal officer is going to assist you with the transition, work with them to transfer control of the items listed at the appropriate time. If you are not receiving any assistance from the current fiscal officer you must address the items in each section once you take office.

**IMPORTANT NOTE:** The current fiscal officer is not obligated to assist you with the transition process. However, it would be a benefit to the prior fiscal officer if a transition occurred and their name was removed from accounts appropriately.

#### **CONTACT UNIFORM ACCOUNTING NETWORK (UAN)**

Please provide a letter, on entity letterhead, signed by the Township Trustees or Village Mayor to provide the Uniform Accounting Network your complete information as follows: Name, date you took (or will take) office, mailing address, shipping address, telephone numbers, and email address. If you require assistance to access the UAN application, please also include a sentence in the letter requesting UAN Support contact the new fiscal officer to provide assistance accessing UAN, and, if used, the Cemetery software.

Accurate contact information of the new fiscal officer is important because UAN mails approximately two to three application update discs per year and sends email communications providing training opportunities and other vital information throughout the year. Further, if the UAN profile is not updated with the new fiscal officer, we cannot provide software assistance until we receive this documentation.

Is there any unfinished business from your last board/council meeting? Which reports/documents do you need to take to each meeting e.g. reports from the UAN application?

4. Is your entity using electronic fund transfers (EFT) i.e. instead of issuing a warrant (check) the money is deposited directly into the employees' bank accounts? If yes, what is the process of submitting EFTs to the bank e.g. how many days before payday does the bank need the EFT file?

## INTERNET SECURITY

With the increase in business being conducted in an electronic format it is very important that the transition from one fiscal officer to another go as smoothly as possible.

Withholding agencies and vendors that use an electronic format, either by email or website access, need to have the website username, passwords, and the name and email address updated to the new fiscal officer; the prior fiscal officer should be removed.

If you are working with the current fiscal officer you will want to jointly identify, contact and update all website access and email contact information.

If you are not working with the current fiscal officer, when you start your term review the payments and receipts to identify all vendors (accounting or payroll) that you may do online business with and contact them to get the fiscal officer information changed and setup new usernames and passwords.

If the previous fiscal officer used their personal mailing address for the entity instead of a Township or Village mailing address, you must provide **all vendors** with your name and contact information, requesting the previous fiscal officer be removed, so future invoices will be mailed to you.

If you are working with the current fiscal officer, request that they setup a username for you to login to the UAN Accounting & Payroll and UAN Cemetery (if applicable) and then deactivate their user name.

If the current fiscal officer did not create a user name for you, UAN Support requires a written request to assist you with access to UAN. This request can be included in your initial letter to UAN described in the Contact UAN section above. If you already sent your update letter without the request for access to the software, you can either email us from the email address provided in your contact information letter, or Fax a signed letter on entity letterhead, requesting assistance with access to UAN, and if used, UAN Cemetery. Upon receipt of the written request, we will contact you to walk you through the password and user setup.
